EDUCATION

University of New Orleans · *New Orleans, LA*

Graduated May 2021

Bachelor of Science in Computer Science, *summa cum laude* (GPA 3.96/4.00)

SKILLS

Tools/Languages: C, Git, Assembly, Java, Python, Perl, Lua, Shell, HTML/CSS, JavaScript

CS Interests: Human-computer interaction, Compilers, Programming languages

PROJECTS

Riff · *Programming language*

[Website](#) · [GitHub](#)

- Created a general-purpose scripting language.
- Designed and implemented a bytecode interpreter and virtual machine in C.

Riff Playground · *Online programming environment*

[Website](#) · [GitHub](#)

- Compiled the Riff interpreter to WebAssembly using the Emscripten SDK, allowing Riff programs to be executed directly in the browser.
- Utilized lossless data compression and Base64 to encode text data directly into URLs, allowing users to create sharable links, eliminating the need to store data in a backend database.

EXPERIENCE

Private Tutor · Varsity Tutors · *Online/Contract*

Jan. 2020 – Present

- Tutored high school and undergraduate computer science students in programming and software design courses.
- Students have seen an improvement of at least one letter grade during their semester.

Student Intern · Entergy · *New Orleans, LA*

Oct. 2018 – Aug. 2019

- Developed a process automation solution for configuring power plant software.
- Regularly collaborated with team members and outside contractors on various projects, both remotely and locally.
